

CITY OF BELMONT - FALL LEAF PROGRAM

LEAF AGENDA:

**IMPORTANT NUMBERS TO CALL TO REPORT LEAF, DEBRIS OR BULK PICK-UP:
PUBLIC WORKS @ 704-825-0506, 704-825-0512 or 704-901-2071**

The leaf season begins on October 1st and runs through March 31st.

Citizens are allowed to rake leaves to curb-side or to the edge of residential lots. Please note however that the City encourages you to bag your leaves to ensure immediate pick up and this practice will assist in a cleaner storm drain and improved water run-off on your street. Any plastic bag will be acceptable.

LEAF PILES MUST BE SEPERATED FROM ALL OTHER DEBRIS OR BULK ITEMS

Leaf piles will be vacuumed with an automated leaf truck and only leaf materials can pass through the vacuum system. If other debris (sticks and branches) is found within the piles, the truck can not pick them up. It's up to the homeowner to separate individual materials.

Debris piles consisting of tree limbs, branches and shrubs will be picked up by the city's Solid Waste crew with the assistance of our automated claw truck. These pick ups will occur on the **1st and 3rd week of each month**. You can report your debris pick-up to the above listed phone numbers.

Bulk items consisting of old furniture and various household items (no building materials or metals) will be picked up separately as well, also on the **1st and 3rd week of each month**. You can report your bulk pick-up to the above listed phone numbers.

THE CITY PUBLIC WORKS CREWS WILL NOT BE ON A REGULAR DAILY LEAF SCHEDULE BUT THEY WILL BE WORKING THROUGH-OUT ALL SECTIONS OF TOWN EACH DAY. ALL REPORTED LEAF ITEMS WILL BE PICKED UP WITHIN FIVE DAYS OF THE REPORTED CALL-IN. IN THE EVENT OF RAIN LOOSE LEAF PICK-UP WILL BE DELAYED FOR SEVERAL DAYS DUE TO THE OPERATION OF THE VACUUM EQUIPMENT. BAGGED LEAVES WILL BE PICKED UP IMMEDIATELY WHEN REPORTED.
